INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF IDFC LIMITED
Report on the audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone Ind AS financial statements of IDFC Limited ('the Company'), which comprise the standalone balance sheet as at 31 March 2023, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information ('the Standalone Financial Statements').

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2023, and its profit and other comprehensive income, changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Emphasis of Matter

4. We draw attention to note 29(iii) to the Standalone Financial Statements mentioning that the Company is in process of appointing new directors on the Board to comply with Regulation 17(1)(c) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Our opinion on the Standalone Financial Statements is not modified in respect of the above matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How the matter was addressed in our audit
Assessment of valuation of investments measured at fair value for which no listed price in an active market is available and valuation is carried out basis market information and significant unobservable inputs. (Refer note 33 to the standalone financial statements.) The Company has investments in Venture Capital Funds ("VCF") units amounting to ₹ 347.82 crores measured at fair value, where no listed price in an active market is available. The corresponding fair value change is recognised in statement of profit and loss in accordance with related Accounting Standard (Ind-AS 109). In measuring the fair value of these investments, the management considers the net asset value ("NAV") declared by the investment managers of the VCF unit. NAV is considered as a significant unobservable input as the Company does not have direct access to the valuations of the underlying portfolio companies in which the VCFs have invested. The management also reviews the performance of the portfolio companies on a regular basis by tracking the latest available financial statements/financial information, valuation report of independent valuers, investor communications and basis the said assessment determines whether any discount is required to be applied on the NAV communicated by the investment managers of VCF. The assessment made by the management also takes into consideration the illiquidity considering the said investments are not actively traded in the market. The assessment prepared by the management is placed before the Board of Directors for their approval at regular intervals. Considering the inherent subjectivity in the valuation of the above investments, relative significance of these investments to the standalone financial statements and the nature and extent of the audit procedures involved, we determined this to be a key audit matter.	The following procedures were performed by us to test the valuation of investments which are measured at fair value for which no listed price in an active market is available: a. We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's control over assessment of fair value of investments. b. We verified that requisite approvals are in place with regards to Management's assessment of fair valuation of investments in VCF. c. We traced the inputs used in the calculation from the source data (Statement of Accounts, NAV declared etc.) to verify the arithmetical accuracy of the calculation of valuation of investments. d. We evaluated the adequacy of the disclosures in the standalone financial statements. Based on our above audit procedures, we consider that the management's assessment of the fair value of the above investments for which no listed price in an active market is available is reasonable.

Other Information

6. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Standalone Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.

7. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

8. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

9. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the state of affairs, profit and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

10. In preparing the Standalone Financial Statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

11. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Standalone Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

    13.1. Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

    13.2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.

    13.3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.

    13.4. Conclude on the appropriateness of the Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

    13.5. Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

14. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

17. We draw attention to note 24(iii) of the Standalone Financial Statements which highlights that as part of simplification of corporate structure, the Board of Directors of the Company along with the three Wholly Owned Subsidiaries ("WOS") IDFC Alternatives Limited, IDFC Trustee Company Limited and IDFC Projects Limited, approved the merger of WOS into the Company, subject to receiving regulatory approvals from various authorities. Post Board approval, the Company along with its three WOS has filed scheme of amalgamation with Official Liquidator ("OL") – Chennai and Regional Director / Registrar of Companies ("ROC") – Chennai on 06 December 2021. The ROC, Chennai vide its letter dated 01 February 2022 intimated no observation / suggestions to the aforesaid scheme of amalgamation. Also, the OL of Madras High Court vide its letter dated 24 March 2022 communicated no observation to the aforesaid scheme of amalgamation. The Company filed petition with National Company Law Tribunal ("NCLT") – Chennai on 13 April 2022. NCLT heard the petition on 20 October 2022 and passed the order on 22 November 2022 in favour of the Company. Appointed date of the merger being 01 April 2021, the Company has given effect to the Order and have prepared merged accounts for all the periods appearing in the Standalone Financial Statements. Consequently, the previous year numbers presented in the Standalone Financial Statements has been restated. Our opinion on the Standalone Financial Statements is not modified in respect of the above matter.

Report on Other Legal and Regulatory Requirements

18. As required by the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

19. As required by Section 143(3) of the Act, we report that:

    19.1. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

    19.2. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

    19.3. The standalone balance sheet, the standalone statement of profit and loss including other comprehensive income, the statement of changes in equity and the standalone cash flow statement dealt with by this Report are in agreement with the books of account.

    19.4. In our opinion, the aforesaid Standalone Financial Statements comply with the Ind AS specified under Section 133 of the Act.

    19.5. On the basis of the written representations received from the directors as on 31 March 2023 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2023 from being appointed as a director in terms of Section 164(2) of the Act.

    19.6. With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure B'.

    19.7. In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

20. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

    20.1. The Company has disclosed the impact of pending litigations as at 31 March 2023 on its financial position in its Standalone Financial Statements – Refer Note 31 to the Standalone Financial Statements.

    20.2. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

    20.3. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

    20.4. The Management has represented, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

20.5. The Management has represented, to best of their knowledge and belief, that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

20.6. Based on such audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us, nothing has come to our notice that has caused us to believe that the representation under para 20.4 and 20.5 contain any material misstatement.

20.7. In our opinion and according to the information and explanations given to us, the dividend declared and / or paid during the year by the Company is in compliance with Section 123 of the Act.

20.8. Proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 (as amended), provides for the feature of recording of audit trail (edit log) facility in the accounting software used by the Company for maintenance of books of account, which is applicable to the Company from financial year beginning 1 April 2023. The reporting under clause (g) of Rule 11 of Companies (Audit and Auditors) Rules, 2014 would be done from financial year 2023-2024 onwards.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

ANNEXURE "A" TO THE INDEPENDENT AUDITOR'S REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF IDFC LIMITED FOR THE YEAR ENDED 31 MARCH 2023

(Referred to in paragraph 18 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

i. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment ('PPE').

(b) The Company has a regular programme of physical verification of its PPE by which all PPE are verified in a phased manner over a period of 2 years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, certain PPE were physically verified by the Management during the year. In our opinion, and according to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) The Company does not own any immovable properties. Therefore, the provisions of clause 3(i)(c) of the said Order is not applicable the company.

(d) In our opinion and according to the information and explanations given to us, the Company has not revalued its PPE (including Right of Use assets) during the year.

(e) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, no proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.

ii. (a) The Company is in the business of rendering services and, consequently, does not hold any inventory. Therefore, the provisions of Clause 3(ii)(a) of the said Order is not applicable to the Company.

(b) The Company has not been sanctioned any working capital limits in excess of ₹ 5 crores at any point of time during the year, from banks or financial institutions.

iii. (a) In our opinion and according to the information and explanations given to us, the Company has granted loans or advances in the nature of unsecured loans to parties, and the details are mentioned in the following table:

Particulars	**Advances in the nature of loans (₹ in crores)**
Aggregate amount granted/ provided during the year	
Subsidiary	100
Balance outstanding as at balance sheet date in respect of above cases	
Subsidiary	-

(b) In our opinion and according to the information and explanations given to us, the terms and conditions of the grant of all loans and advances in the nature of loans provided are not prejudicial to the Company's interest.

(c) In our opinion and according to the information and explanations given to us, in respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated and the repayments or receipts are regular during the year.

(d) No amount is overdue in respect of loans and advances in the nature of loans.

(e) In our opinion and according to the information and explanations given to us, neither loans or advances in nature of loans have been renewed or extended nor any fresh loans have been granted to settle the overdue of existing loans.

(f) The Company has not granted any loans or advances in the nature of loans to Promoters/Related Parties (as defined in section 2(76) of the Act) which are either repayable on demand or without specifying any terms or period of repayment.

iv. The Company has not granted any loans or provided any guarantees or security to the parties covered under Section 185 of the Act. Therefore, the provisions of Section 185 are not applicable to the Company. The Company is registered as a Non – Banking Financial Company – Investment and Credit Company with the Reserve Bank of India. Thus, the provisions of Section 186 except sub-section (1) of the Act is not applicable to the Company. In our opinion and according to the information and explanations given to us, during the year, the Company has not made any investments through more than two layers of the investment companies as mentioned in sub- section (1) of Section 186 of the Act.

v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits from the public during the year in terms of directives issued by the Reserve Bank of India or the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company. Accordingly, paragraph 3(vi) of the Order is not applicable to the Company.

vii. (a) In our opinion and according to the information and explanations given to us, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues have been regularly deposited by the Company with the appropriate authorities.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, employees' state insurance, income-tax, Goods and Services Tax, duty of customs, cess and other material statutory dues were in arrears as at 31 March 2023 for a period of more than six months from the date they became payable.

(b) In our opinion and according to the information and explanations given to us, we confirm that the following dues of income tax have not been deposited to/with the appropriate authority on account of dispute:

Name of the Statute	Nature of the Dues	Amount (in ₹ in crores)	Assessment year to which the amount relates	Forum where dispute is pending
Income Tax	Demand	#	2007-08	Asst. Commissioner of Income tax
Income Tax	Demand	#	2007-08	Asst. Commissioner of Income tax /National faceless Assessment Centre

Income Tax	Demand	0.08	2022-23	Asst. Commissioner of Income tax/Centralised Processing Centre

Amount less than ₹ one lakh is denoted by #

viii. In our opinion and according to the information and explanations given to us and on the basis of our examination of the records of the Company, we confirm that we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

ix. (a) The Company has not obtained loans or borrowings from Bank/Financial institutions or government and has not issued any debentures during the year. Thus, the provision of Clause 3(ix)(a) of the Order is not applicable to the Company.

(b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority or any other lender.

(c) In our opinion and according to the information and explanations given to us, the Company has not raised any term loans during the year. Accordingly, the provisions of Clause 3(ix)(c) of the Order is not applicable to the Company.

(d) According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

(e) According to the information and explanations given to us and on an overall examination of the financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.

(f) According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised any loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.

x. (a) The Company did not raise money by way of initial public offer or further public offer (including debt instruments) during the year.

(b) The Company has not made any preferential allotment / private placement of shares / fully / partly / optionally convertible debentures during the year.

xi. (a) In our opinion and according to the information and explanations given to us, there has been no fraud by the Company or any fraud on the Company that has been noticed or reported during the year.

(b) No report under sub-section (12) of section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.

(c) As represented to us by the Management, there are no whistle blower complaints received by the Company during the year.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. (a) In our opinion and based on our examination, the Company has an internal audit system commensurate with the size and nature of its business.

(b) We have considered the internal audit reports of the Company issued till date, for the period under audit.

xv. According to the information and explanations given to us, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors. Accordingly, paragraph 3(xv) of the Order is not applicable to the Company. and hence provisions of section 192 of the Act are not applicable to the Company.

xvi. (a) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and the Company has obtained the required registration.

(b) The Company has not conducted any Non-Banking Financial or Housing Finance activities without obtaining a valid CoR from the Reserve Bank of India as per the Reserve Bank of India Act, 1934.

(c) The Company is not a CIC as defined in the regulations made by Reserve Bank of India.

(d) The Group has no CIC as part of the Group.

xvii. The Company has not incurred any cash losses in the current financial year. The Company has incurred cash loss of ₹ 2.63 crores (post restatement) in the immediately preceding financial year.

xviii. There has been no resignation of the statutory auditors during the year and accordingly paragraph 3(xviii) of the Order is not applicable.

xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

xx. There are no amount unspent on the Corporate Social Responsibilities activities and hence reporting under the clause 3(xx)(a) and (b) of the Order are not applicable.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

ANNEXURE "B" TO THE INDEPENDENT AUDITORS' REPORT ON THE STANDALONE FINANCIAL STATEMENTS OF IDFC LIMITED FOR THE YEAR ENDED 31 MARCH 2023

(Referred to in paragraph 19.6 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act').

Opinion

1. We have audited the internal financial controls with reference to the Standalone Financial Statements of IDFC Limited as at 31 March 2023 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

2. In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Standalone Financial Statements and such internal financial controls were operating effectively as at 31 March 2023, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('the Guidance Note').

Management's responsibility for Internal Financial Controls

3. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

4. Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('SA'), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Standalone Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

5. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to the Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

6. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to the Standalone Financial Statements

7. A company's internal financial controls with reference to the Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Standalone Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Inherent Limitations of Internal Financial Controls with reference to the Standalone Financial Statements

8. Because of the inherent limitations of internal financial controls with reference to the Standalone Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Standalone Financial Statements to future periods are subject to the risk that the internal financial controls with reference to the Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

1A. BACKGROUND

IDFC Limited ('the Company') having CIN "L65191TN1997PLC037415" is a public limited company incorporated in India under the provisions of Companies Act, 2013 applicable in India and is a Non-Banking Finance Company (NBFC) regulated by the Reserve Bank of India ('RBI'). The Company is listed on both the stock exchange (BSE Limited and National Stock exchange of India Limited). The registered office of the Company is located at 4th Floor, Capitale Tower, 555 Anna Salai, Thiru Vi Ka Kudiyiruppu, Teynampet Chennai – 600 018 , Tamil Nadu and the corporate office is located at 906/907, 9th Floor, Embassy Centre, Jamnalal Bajaj Road, Nariman Point, Mumbai – 400 021.

The Company had received in principle approval from the RBI to set up a new private sector bank in April 2014. Since October 1, 2015 the Company is operating as NBFC – Investment (NBFC – I).

These standalone financial statements were authorized for issue in accordance with a resolution of the Board of Directors on May 04, 2023.

The Company along with its three wholly owned subsidiaries viz. IDFC Projects Limited, IDFC Trustee Company Limited and IDFC Alternatives Limited had filed scheme of amalgamation with Official Liquidator ('OL') – Chennai on December 06, 2021 and to Regional Director ('RD') /Registrar of Companies ('ROC') – Chennai through GNL-1 form on December 06, 2021 seeking their objections / suggestions to the said scheme under Section 233 (1) (a) of the Companies Act, 2013 and rules made thereunder. Physical copies of the same have also been filed with the ROC on December 08, 2021. Appointed date for the merger in the scheme is April 1, 2021.

The ROC, Chennai vide its letter dated February 01, 2022 intimated it's no observations/suggestions to the aforesaid scheme of amalgamation. Also, the OL of Madras High Court vide its letter dated March 24, 2022, communicated it's no observations to the aforesaid scheme of amalgamation.

The Company filed petition with National Company Law Tribunal (NCLT) – Chennai on April 13, 2022. NCLT heard the petition on October 20, 2022 and passed the order on November 22, 2022 in favor of the Company. The order is effective from December 09, 2022.

Consequently, previous period presented in the statement have been restated.

1B. NEW AND AMENDED STANDARDS ADOPTED

The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing April 01, 2022:

- Indian Accounting Standard (Ind AS) 101
- Indian Accounting Standard (Ind AS) 103
- Indian Accounting Standard (Ind AS) 109
- Indian Accounting Standard (Ind AS) 16
- Indian Accounting Standard (Ind AS) 37
- Indian Accounting Standard (Ind AS) 41

1C. Standards issued but not yet effective upto the date of issuance of the financial statements:

Ministry of Corporate affairs have made changes on March 31, 2023, in the following Indian Accounting Standards (Ind AS) amended namely:

- Indian Accounting Standard (Ind AS) 101
- Indian Accounting Standard (Ind AS) 102
- Indian Accounting Standard (Ind AS) 103
- Indian Accounting Standard (Ind AS) 107
- Indian Accounting Standard (Ind AS) 109
- Indian Accounting Standard (Ind AS) 115
- Indian Accounting Standard (Ind AS) 1
- Indian Accounting Standard (Ind AS) 8
- Indian Accounting Standard (Ind AS) 12
- Indian Accounting Standard (Ind AS) 34

These amendments shall be applicable from annual reporting periods beginning on or after April 01, 2023.

2. BASIS OF PREPARATION

(i) Compliance with Ind AS

The standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities and contingent consideration is measured at fair value;
- assets held for sale – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value; and
- share-based payments – measured at fair value.

(iii) Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non–current) is presented in note 35.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The event of default
- The event of insolvency or bankruptcy of the Company and/or its counterparties

3. INVESTMENT IN SUBSIDIARY AND ASSOCIATES

Investment in subsidiaries and associates are measured at cost less accumulated impairment. See note 14 (iii) below for the accounting policy for Impairment of Non-financial assets.

4. REVENUE RECOGNITION

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable.

(i) Interest income

The Company calculates interest income by applying the Effective Interest Rate ('EIR') to the gross carrying amount of financial assets other than credit-impaired assets.

The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset (i.e. its amortised cost before any impairment allowance). The calculation does not consider expected credit losses and includes transaction costs, premiums or discounts paid or received that are integral to the effective interest rate, such as origination fees, commitment fees, etc.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

(ii) Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders of the investee Company approve the dividend.

5. INCOME TAX

The income tax expense or credit for the period is the tax payable on the taxable income of the current period based on the applicable income tax rates adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and unused tax losses.

i. Current Tax

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the company and its subsidiaries and associates operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

ii. Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

6. GOODS AND SERVICE TAX

Expenses and assets are recognised net of the goods and services tax paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of tax included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

7. LEASES

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

(i) Company as a lessee

Leases are recognised as a right-of-use asset and corresponding liability at the date at which the leased asset is available for use by the Company. Contracts may contain both lease and non-lease components. The Company allocates the consideration in the contract to the lease and non-lease components based on their relative stand-alone prices. However, for leases of real estate for which the Company is a lessee, it has elected not to separate lease and non-lease components and instead accounts for these as a single lease component.

Asset and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the fixed payments (including in-substance fixed payments), less any lease incentives receivable.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If the rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions .

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Company is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life.

Payment associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

(ii) *Company as a lessor*

Lease income from operating leases where the company is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature.

8. FINANCIAL INSTRUMENT

Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at Fair value through profit or loss are expensed in profit or loss.

Financial assets

(i) **Classification and subsequent measurement of financial assets**

The Company classifies its financial assets in the following measurement categories:

- Fair value through profit and loss (FVTPL)
- Fair value through other comprehensive income (FVOCI)
- Amortised cost

The classification requirements for debt and equity instruments are described below:

Debt Instruments

Debt instruments are those instruments that meet the definition of a financial liability from the issuer's perspective such as venture capital fund units.

For investments in debt instruments, measurement will depend on the classification of debt instruments depending on:

- the Company's business model for managing the asset; and
- the cash flow characteristics of the asset.

Business Model Assessment-

The business model reflects how the Company manages the assets in order to generate cash flows. The business model determines whether the Company's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable or when performance of portfolio of financial assets managed is evaluated on a fair value basis, then the financial assets are classified as part of 'other' business model and measured at FVTPL. Factors considered by the company in assessing the business model test include-

- Past experience on how the cash flows for these assets were collected
- how the asset's performance and the business model is evaluated and reported to key management personnel,
- the risks that affect the performance of the business model and how these risks are assessed and managed.

Solely payment of principal and Interest Assessment (SPPI)

Where the business model is to hold assets to collect contractual cash flows or to collect contractual cash flows and sell, the Company assesses whether the financial instruments cash flows represent solely payments of principal and interest (the 'SPPI test').

Based on these factors, the Company classifies its debt instruments into one of the following three measurement categories

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

Fair value through other comprehensive income: Debt instruments that meet the following conditions are subsequently measured at FVOCI:

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets;
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding; and
- that are designated at fair value

Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses on the instrument's amortised cost which are recognised in profit or loss.

Fair value through profit or loss: Assets that do not meet the criteria for amortised cost or FVOCI, are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL is recognised in profit or loss and presented in the statement of profit and loss within other gains/ (losses) in the period in which it arises. Company's investment in venture capital fund units are classified as financial assets measured at FVTPL.

Equity Instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

Changes in fair value of equity investments at FVTPL are recognised in the statement of profit and loss, except where the Company's management has elected, at initial recognition, to irrevocably designate an equity investment at FVOCI.

Where the management has elected to present gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss. Dividends from such investments are recognised in statement of profit and loss.

Currently, Company's investment in equity instruments has been classified as financial assets measured at FVTPL.

9. FINANCIAL ASSETS AND LIABILITIES

(i) Bank balance, Loans, Trade receivables and financial investment at amortised cost.

The Company measures Bank balances, Loans, Trade receivables and other financial investments at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

(ii) Financial assets held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is an evidence of a recent pattern of short-term profit-taking. Held-for-trading assets and liabilities are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes. Interest and dividend income or expense is recorded in net gain on fair value changes according to the terms of the contract, or when the right to payment has been established. Included in this classification investments in mutual fund units, debt securities and equities that have been acquired principally for the purpose of selling or repurchasing in the near term.

(iii) Equity instruments at FVOCI

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment.

(iv) Debt instruments and other borrowed funds

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR. A compound financial instrument which contains both a liability and an equity component is separated at the issue date.

10. RECLASSIFICATION OF FINANCIAL ASSETS AND LIABILITIES

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

11. DERECOGNITION OF FINANCIAL ASSETS

Financial Assets

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred.

- the Company transfers substantially all the risks and rewards of ownership, or
- the Company neither transfers nor retains substantially all the risks and rewards of ownership and the Company has not retained control.

12. DERECOGNITION OF FINANCIAL LIABILITIES

Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

If the exchange or modification is not accounted for as an extinguishment, any costs or fees incurred are adjusted to the carrying amount of the liability and are amortised over the remaining term of the modified liability.

13. IMPAIRMENT OF FINANCIAL ASSET

(i) Overview of the ECL principles

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 34 details how the Company determines whether there has been a significant increase in credit risk.

The ECL allowance is based on the credit losses expected to arise over the life of the asset, unless there has been no significant increase in credit risk since origination, in which case, the allowance is based on the 12 months' expected credit loss (12m ECL). The Company has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. This is further explained in Note 34.

At each reporting date, the Company assesses whether the above financial assets are credit impaired. A financial asset is 'credit impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. The Company's ECL calculations are outputs of statistical models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies such as macroeconomic scenarios.

The Company assesses on a forward-looking basis the ECL associated with its financial instrument. The Company recognises a loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money, and

Reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

(ii) Trade receivables and contract assets

For trade receivables only, the Company applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses a provision matrix to determine impairment loss allowance on its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated for changes in the forward-looking estimates.

Trade receivable are initially recognised at transaction price.

14. IMPAIRMENT OF NON-FINANCIAL ASSET

(i) Non-financial assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

(ii) Impairment of investment in subsidiary and Associates

The Company is required to assess on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. As per IND AS 36 investments are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. In assessing whether there is any impairment management considers indications through external and internal sources of information.

15. DETERMINATION OF FAIR VALUE

The Company measures certain financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

Level 1 includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The mutual funds are valued using the closing NAV.

Level 2 financial instruments the fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3 - If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period. This is further explained in Note 33.

16. CASH AND CASH EQUIVALENTS

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

17. STATEMENT OF CASH FLOWS

Statement of Cash Flows is prepared segregating the cash flows into operating, investing and financing activities. Cash flow from operating activities is reported using indirect method adjusting the net profit for the effects of:

i. changes during the period in inventories and operating receivables and payables transactions of a non-cash nature;

ii. non-cash items such as depreciation, provisions, deferred taxes, unrealised foreign currency gains and losses, and undistributed profits of associates and joint ventures; and

iii. all other items for which the cash effects are investing or financing cash flows.

Cash and cash equivalents (including bank balances) shown in the Statement of Cash Flows exclude items which are not available for general use as on the date of Balance Sheet.

18. PROPERTY, PLANT AND EQUIPMENT

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

(i) Depreciation methods, estimated useful lives and residual value

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives prescribed in Schedule II to the Companies Act, 2013 except in respect of following categories of assets, in which case life of asset has been assessed based on the technical assessment.

a) Mobile Phone – 2 years b) Motor Cars – 4 years

Depreciation on additions during the year is provided on a pro-rata basis. Assets costing less than 5,000 each are fully depreciated in the year of capitalisation.

The useful lives have been determined based on technical evaluation done by the management's expert which are higher than those specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in statement of profit or loss within other gains/ (losses).

19. EMPLOYEE BENEFITS

(i) Defined contribution plan

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

(ii) Defined benefit plan

The liability or asset recognised in the balance sheet in respect of gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The estimated future payments which are denominated in a currency other than INR, are discounted using market yields determined by reference to high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

(iii) Compensated absences

Based on the leave rules of the group companies, employees are not permitted to accumulate leave. Any unavailed privilege leave to the extent encashable is paid to the employees and charged to the Statement of Profit and Loss for the year. Short term compensated absences are provided based on estimates of availment / encashment of leaves.

20. PROVISIONS

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

21. SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The Company's primary business segments are reflected based on the principal business carried out, i.e. investing. The risk and returns of the business of the Company is not associated with geographical segmentation, hence there is no secondary segment.

22. FOREIGN CURRENCY TRANSLATION

(i) Functional and presentation currency

Items included in the financial statements of each of the Company's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian rupee (INR), which is the Company's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are initially recorded in the functional currency at the spot rate of ex-change ruling at the date of the transaction. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot rate of exchange at the reporting date. All differences arising on non–trading activities are taken to other income/expense in the statement of profit and loss.

Non–monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

23. SHARE-BASED PAYMENTS

The Company has formulated Employee Stock Option Schemes ('the ESOS') in accordance with the SEBI (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ('the Guidelines'). The ESOS provides for grant of stock options to employees (including employees of subsidiary companies) to acquire equity shares of the Company that vest in a graded manner and that are to be exercised within a specified period.

The fair value of options granted under the ESOS is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions (e.g., the entity's share price)
- excluding the impact of any service and non-market performance vesting conditions (e.g. profitability, sales growth targets and remaining an employee of the entity over a specified time period), and
- including the impact of any non-vesting conditions (e.g. the requirement for employees to save or holdings shares for a specific period of time).

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in profit or loss, with a corresponding adjustment to equity.

24. EARNINGS PER SHARE

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

25. ROUNDING OFF

All amounts disclosed in the financial statements and notes have been rounded off to the nearest "crores" as per the requirement of Schedule III, unless otherwise stated.

26. CONTRIBUTED EQUITY

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceed.

27. DIVIDENDS

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

Note 2: Significant accounting judgments, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

1. Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Note 33.

2. Provision and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company considers a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Commitments are future liabilities for contractual expenditure, classified and disclosed as follows:

i. estimated amount of contracts remaining to be executed on capital account and not provided for;

ii. uncalled liability on shares and other investments partly paid;

iii. other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.

3. CASH AND CASH EQUIVALENTS

(₹ in crore)

	As at March 31, 2023	As at March 31, 2022
Cash on hand	ß	ß
Balances with banks:		
In current accounts	2.86	61.11
In deposit accounts	108.00	10.00
Total	110.86	71.11

* Investment in subsidiaries and associates are measured at cost in accordance with Ind AS 27.

@ The above investments in venture capital units are subject to restrictive covenants.

a) IDFC Foundation a wholly owned subsidiary of IDFC Limited, being a Section 8 company prohibits payment of dividend and/or repatriation of capital to its members. In continuation of corporate structure simplification, Board of Directors at their meeting held on October 27, 2022 have approved and donated its entire equity held in IDFC Foundation along with underlying investments in joint venture entities (Delhi Integrated Multi Modal Transit Systems Limited and Infrastructure Development Corporation (Karnataka) Limited) to Upajeevan Sangathan Foundation (a not for profit organisation formed under Section 8 of Companies Act, 2013). Accordingly, IDFC Foundation has ceased to be a subsidiary of the Company.

b) The Company has diluted 13.85% stake in Novopay Solutions Private Limited ('NSPL') (erstwhile associate of the company) for ₹ 8.72 crore on August 31, 2022 and 4.16 % stake for ₹ 2.49 crore on March 31, 2023. After the dilution, NSPL is no longer an associate of the Company.

c) Impairment loss allowance

(i) The Company holds 26% stake in Jetpur Somnath Tollways Limited ("JSTPL"). JSTPL, an associate of the Company has terminated it's operations since November, 2016 due to certain disputes with National Highway Authority of India ("NHAI") and surrendered the same to NHAI. The dispute was referred to arbitration panel by JSTPL along with its lender on NHAI, verdict of which has come in favour of JSTPL. NHAI filed petition under section 34 of the Arbitration and Conciliation Act with Hon'ble High Court. Moreover, net- worth of JSTPL has eroded substantially as on March 31, 2023. In view of entire net-worth being eroded, on prudent basis, the Company continues with the provision created against investment in JSTPL.

(ii) The Company had made provision of ₹ 35.62 crore on Novopay (associate of the Company in preceding year). Performance of Novopay had lead to substantial erosion of its net worth. Accordingly, investment was completely impaired.

(iii) IDFC Foundation, wholly owned subsidiary of the Company was a section 8 company under Companies Act, 2013. Upon winding up or dissolution of IDFC Foundation, if there remains, after satisfaction of all debts and liabilities, any surplus whatsoever, the same would have not been distributed to IDFC Limited but would have been transferred to such other company having objects similar to the objects of IDFC Foundation. Accordingly, in the preceding years, the entire investment of ₹ 13 crores in IDFC Foundation was full provided for by the Company.

More information regarding the valuation methodologies are disclosed in Note 33.

7. OTHER FINANCIAL ASSETS

Closing balance	-	6.75

16C. NATURE AND PURPOSE OF SPECIAL RESERVES

a) Securities premium

Securities premium reserve is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

b) General reserve

Under the erstwhile Companies Act, 1956, general reserve was created through an annual transfer of net income at specified percentage in accordance with applicable regulations. The purpose of these transfer was to ensure that if dividend distribution in the given year is more than 10% of paid up capital of the Company of that year, then the total dividend distribution is less than the total distributable results of the year. Consequent to introduction of Companies Act, 2013, the requirement to transfer a specified percentage of the net profit to general reserve has been withdrawn. However, the amount previously transferred to the general reserve can be utilised only in accordance with the specific requirements of the Companies Act, 2013.

c) **Special reserves u/s. 45-IC of RBI Act, 1934**

As per section 45-IC of RBI Act, 1934, Every non-banking financial company (NBFC) shall create a reserve fund and transfer therein a sum not less than twenty per cent (20%) of its net profit every year as disclosed in the profit and loss account and before any dividend is declared. No appropriation of any sum from the reserve fund shall be made by the non-banking financial company except for the purpose as may be specified by RBI.

d) **Share options outstanding account**

The share options outstanding account is used to recognise the grant date fair value of options issued to employees under Employee Stock Option Scheme (ESOS) over the vesting period. (Refer Note 36).

e) **Special reserve u/s. 36(1)(viii) of the Income-tax Act, 1961**

As per section 36(1)(viii) of Income tax act, 1961, deduction shall be allowed in respect of any special reserve created and maintained by specified entities, for an amount not exceeding twenty percent (20%) of the profits derived from eligible business computed under the head "Profits and gains of business or profession" (before making any deduction under this clause) carried to such reserve account.

Provided that where the aggregate of the amounts carried to such reserve account from time to time exceeds twice the amount of the paid up share capital and of the general reserves of the specified entity, no allowance under this clause shall be made in respect of such excess.

Accounting profit before tax	2,053.37	72.08
Tax at India's statutory income tax rate of 25.17% (preceding year 25.17%)	516.83	18.14
Tax effect of the amount which are not taxable:		
- Provisions disallowed in preceding year hence not taxable	(8.97)	-
Expenses not deductible / deductible for tax purposes		
- Provisions and contingencies	0.18	(0.06)

- Deduction allowed u/s. 24 & 35D of Income Tax Act, 1961	-	(7.02)
- Book loss on sale of investment	3.95	-
-Expenses not deductible for tax purposes (14A, 37 & 43B)		
- Others	(16.87)	(7.87)
Deduction under section 80M of Income Tax Act, 1961	(483.17)	-
Long term gains taxed at different rate	(6.12)	-
Adjustment of current tax of prior periods	0.22	(2.71)
Effect of reversal of opening deferred tax liability	18.18	17.51
Others	0.05	0.12
Income tax expense at effective tax rate	24.28	18.11
Effective tax rate	1.18%	25.12%

The board of Directors have declared interim dividend aggregating to ₹ 1,919.63 crores (refer note 28).

Taxable income of the Company is reduced by ₹ 1,919.63 crores on account of deduction u/s 80 M of the Income Tax Act, 1961.

c) Unrecognised temporary differences

(₹ in crore)

	Year ended March 31, 2023	Year ended March 31, 2022
Temporary differences relating to impairment loss	0.73	(0.23)

The Company had not created deferred tax asset on the impairment loss recognised on financial assets in the preceding year as there was no reasonable certainty that future taxable profits will be available against which deferred tax asset can be utilised.

26. EMPLOYEE BENEFIT OBLIGATIONS

a) Defined contribution plans

The Company has recognised the following amounts in the statement of profit and loss towards contribution to defined contribution plans which are included under contribution to provident and other funds:

(₹ in crore)

	Year ended March 31, 2023	Year ended March 31, 2022
Provident fund	0.32	0.38
Pension fund	0.23	0.29
Superannuation fund	0.01	0.02
Total	0.56	0.69

b) Defined benefit plans

The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for Indian employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the said act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

i) Balance Sheet

(₹ in crore)

	Present value of obligation	Fair value of plan assets	Net amount
As at March 31, 2022	3.01	3.01	β
Current service cost	0.02	-	0.02
Interest expense / (income)	0.07	0.07	(0.01)
Actuarial loss / (gain) arising from change in financial assumptions	(0.05)	-	(0.05)
Actuarial loss / (gain) arising on account of experience changes	0.16	-	0.16
Actual return on plan assets less interest on plan assets	-	(0.02)	0.02
Employer contributions	-	-	-
Benefit payments	(1.28)	(1.28)	-
As at March 31, 2023	1.92	1.78	0.14

(₹ in crore)

	As at March 31, 2023	As at March 31, 2022
Present value of plan liabilities	1.92	3.01
Fair value of plan assets	1.78	3.01
Plan liability net of plan assets	0.14	β

ii) **Statement of Profit and Loss**

(₹ in crore)

	Year ended March 31, 2023	Year ended March 31, 2022
Employee Benefit Expenses:		
Current service cost	0.02	0.02
Interest cost	(0.01)	β
Total	0.01	0.02
Finance cost	-	-
Net impact on the profit before tax	0.01	0.02
Remeasurement of the net defined benefit liability:		
Actuarial gains/(losses) arising from changes in demographic assumptions	-	-
Actuarial gains/(losses) arising from changes in financial assumptions	(0.05)	(0.01)
Actuarial gains/(losses) arising from changes in experience	0.16	0.20
Actual return on plan assets less interest on plan assets	0.02	(0.08)
Net impact on the other comprehensive income before tax	0.13	0.12

iii) **Defined benefit plans assets**

Category of assets (% allocation)	As at March 31, 2023	As at March 31, 2022
Insurer managed funds		
- Government securities	46.36%	45.65%
- Deposit and money market securities	7.77%	15.06%
- Debentures / bonds	40.44%	33.93%
- Equity shares	5.43%	5.36%
Total	100.00%	100.00%

iv) **Actuarial assumptions**

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement medical benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

	As at March 31, 2023	As at March 31, 2022
Discount rate	7.20%	4.40%
Salary escalation rate*	5%	5%

* takes into account the inflation, seniority, promotions and other relevant factors

v) **Risks**

Interest rate risk:

The risk of government security yields falling due to which the corresponding discount rate used for valuing liabilities falls. Such a fall in discount rate will result in a larger value placed on the future benefit cash flows whilst computing the liability and thereby requiring higher accounting provisioning.

Longevity risks:

Longevity risks arises when the quantum of benefits payable under the plan is based on how long the employee lives post cessation of service with the company. The gratuity plan provides the benefit in a lump sum form and since the benefit is not payable as an annuity for the rest of the lives of the employees, there is no longevity risks.

Salary risks:

The gratuity benefits under the plan are related to the employee's last drawn salary. Consequently, any unusual rise in future salary of the employee raises the quantum of benefit payable by the company, which results in a higher liability for the compan and is therefore a plan risk for the company.

vi) Demographic assumptions

Mortality in Service : Indian Assured Lives Mortality (2012-14)

vii) Sensitivity

As at March 31, 2023	Change in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate	0.50%	(0.32%)	0.35%
Salary escalation rate	0.50%	0.35%	(0.33%)

As at March 31, 2022	Change in assumption	Impact on defined benefit obligation	
		Increase	Decrease
Discount rate	0.50%	(0.23%)	0.26%
Salary escalation rate	0.50%	0.25%	(0.23%)

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

viii) Maturity

The defined benefit obligations shall mature after year end as follows:

(₹ in crore)

	As at March 31, 2023	As at March 31, 2022
within 12 months	1.81	2.89
Between 2-5 years	0.04	0.03
Between 5-10 years	0.04	0.03
Beyond 10 years	0.22	0.16

The weighted average duration to the payment of these cash flows is 0.66 years (preceding year 0.49 years).

27. ASSET HELD FOR SALE

As per the Share Purchase Agreement (SPA) signed by the Company and Novopay Solutions Private Limited ('NSPL') (erstwhile associate of the Company) on August 08, 2022, NSPL shall purchase shares totallying to 227,145 of Novopay held by IDFC Limited for a total consideration agreegating to ₹ 15.00 crore. The Company has diluted 13.85% stake (131,999 shares) in NSPL for ₹ 8.72 crore on August 31, 2022 and 4.16% stake (39,624 shares) for ₹ 2.49 crore on March 31, 2023. Balance stake of 55,522 valued at ₹ 3.79 crores are yet to be diluted, hence Investment in NSPL is shown as asset held for sale as per IND AS 105 - Non-current Assets Held for Sale and Discontinued Operations.

NSPL is no longer an associate of the Company. Investment in NSPL has been fully provided by the Company in the previous years. Hence on sale of shares in NSPL, the provision created has been reversed.

28. DIVIDEND PAID AND PROPOSED DURING THE YEAR

(₹ in crore)

		March 31, 2023	March 31, 2022
A.	Declared and paid during the year		
	Dividends on ordinary shares:		
	Final Dividend for 2023: Nil per share (2022: Nil per share)	-	-
	Interim Dividend for 2023: ₹ 12 per share (2022: Nil per share) (refer notes below)	1,919.63	-
	Total dividends paid	1,919.63	-
B.	Proposed for approval at Annual General Meeting (not recognised as a liability as at year end)		
	Dividend on ordinary shares:		
	Final dividend for 2023: Nil per share (2022: Nil per share)	-	-

a. The Board of the Directors of the Company at its meeting held on April 06, 2022 has considered and declared an Interim Dividend of 10% i.e. ₹ 1 per equity share of the Company. The interim dividend was paid to the eligible shareholders on May 02, 2022, whose names appeared on the Register of Members of the Company as at close of day on April 10, 2022 being the record date for the purpose of the aforesaid interim dividend.

b. The Board of Directors at its meeting held on February 01, 2023 has considered and declared a special interim dividend of 110% i.e. ₹ 11 per equity share of the Company. The interim dividend was paid to the eligible shareholders on February 23, 2023, whose names appeared on the Register of Members of the Company as at close of the record date February 13, 2023.

29 OTHER NOTES

(i) Reserve Bank of India ("RBI") has, vide its letter No.DOR..HOL.No.SUO-75590/16.01.146/2021-22 dated July 20, 2021, clarified that after the expiry of lock-in period of 5 years, IDFC Limited can exit as the promoter of IDFC FIRST Bank Limited.

Post completion of lock-in period of 5 years, the Board of Directors of IDFC FIRST Bank at their meeting held on December 30, 2021 has confirmed that they are "In-principle" in favour of Merger of 'IDFC' and 'IDFC FHCL' with 'IDFC FIRST Bank'. The said corporate restructuring activity shall be subject to approval by the Board of Directors of entities involved, shareholders, creditors and other necessary statutory / regulatory approvals.

The Board of Directors of the Company and IDFC FHCL, at their respective meetings held on March 18, 2023, have appointed a) registered valuer for recommendation of fair share exchange ratio; b) merchant banker for issuance of fairness opinion on the share exchange ratio; c) law firm for conducting legal due diligence, drafting and finalizing scheme of amalgamation and filing regulatory applications.

(ii) The Board of Directors of the Company and IDFC FHCL at their respective meetings held on April 06, 2022, have inter alia considered binding bids received in connection with divestment of IDFC Asset Management Company Limited ('IDFC AMC') along with IDFC AMC Trustee Company Limited ('IDFC AMC Trustee') and have approved sale of the entire shareholding of IDFC AMC and IDFC AMC Trustee held by the Company to a consortium comprising of Bandhan Financial Holding Limited, Lathe Investment Pte. Ltd. (affiliate of GIC), Tangerine Investments Limited, Infinity Partners (affiliates of ChrysCapital) ('Proposed Transaction'). The consideration for the Proposed Transaction is ₹ 4,500 crores on a fully diluted basis and subject to customary price adjustments at the closure.

All the requisite regulatory and other approvals, as applicable have been received and the Proposed Transaction is completed on January 31, 2023. IDFC FHCL sold 27,636,940 shares (including 846,490 shares purchased from employees on exercise of ESOPs at a price of ₹ 1,625 per share) in IDFC AMC and 50,000 shares in IDFC AMC Trustee to the consortium for consideration of ₹ 4,490 crores and ₹ 0.50 crores respectively. With the conclusion of the transaction, post January 31, 2023, IDFC AMC, IDFC AMC Trustee and IDFC Investment Managers (Mauritius) Limited are no more subsidiaries of the Group.

(iii) On August 15, 2022, Ms. Ritu Anand ceased to be an Independent Director of the Company upon completion of her term.

Pursuant to Regulation 17(1)(c) of SEBI Listing Obligations and Disclosure Requirements (LODR) Regulations 2015, the Board of Directors of the Company shall comprise of not less than six directors. Due to cessation of her directorship from the Board, the number of Directors on the Board of the Company reduced from six to five and the composition of the Board as well as constitution of Board's committees were impacted. As on March 31, 2023 the Company is in process of appointing New Directors, on the Board to comply with Regulation 17(1)(c) of SEBI LODR Regulations 2015.

30. EARNINGS PER SHARE (EPS)

a) The basic earnings per share has been calculated based on the following:

	Year ended March 31, 2023	Year ended March 31, 2022
Net profit after tax available for equity shareholders (₹ in crores)	2,029.10	53.97
Weighted average number of equity shares	1,597,795,692	1,596,413,052
Face value (in ₹)	10.00	10.00

b) The reconciliation between the basic and the diluted earnings per share is as follows:

	Year ended March 31, 2023	Year ended March 31, 2022
Basic earnings per share	12.70	0.34
Effect of outstanding stock options	0.00	0.00
Diluted earnings per share	12.70	0.34

c) Weighted average number of equity shares is computed for the purpose of calculating diluted earning per share, after giving the dilutive impact of the outstanding stock options for the respective years.

	Year ended March 31, 2023	Year ended March 31, 2022
Weighted average number of shares for computation of Basic EPS	1,597,795,692	1,596,413,052
Dilutive effect of outstanding stock options	110,919	438,563
Weighted average number of shares for computation of Diluted EPS	1,597,906,611	1,596,851,615

31. CONTINGENT LIABILITIES AND CAPITAL COMMITMENTS

(₹ in crore)

	As at March 31, 2023	As at March 31, 2022
Commitments		
Uncalled liability on shares and other investments partly paid	2.38	16.25
Claims not acknowledged as debts	229.19	43.25
Undertaking (see note a)	15.00	-
Letter of comfort (see note b)	-	14.57
Total	246.57	74.07

a) The Company has donated equity shares of its wholly owned subsidiary IDFC Foundation to Upajeevan Sangathan Foundation via a deed of donation signed by both the parties on October 27, 2022. The Company has also undertaken to make good any short fall in the net tax liabilities which become payable arising out of the Tax Appeal which is in excess of the Net Value of the assets realised by the donee. The Undertaking is valid for three years from the date of donation i.e. from October 27, 2022.

b) The Company had issued letter of comfort to IDFC Foundation - wholly owned subsidiary of the Company, if there is any short fall in meeting its obligations towards its contingent liabilities amounting to ₹ 14.57 crore and any related penalty. The comfort letter was valid till April 30, 2022.

c) The Company holds 26.00% stake in Jetpur Somnath Tollways Private Limited ("JSTPL"). JSTPL had executed the concession agreement with National Highway Authority of India ("NHAI") for the purpose of four laning of 123.45 km Jetputur Somnath Section of NH-8D in the state of Gujarat under NHDP phase III on Build Operate Transfer (BOT) (TOLL) on DBFO pattern. Due to certain disputes, NHAI terminated the Concession Agreement in November 2016. Matter was referred to Arbitration. Arbitral Tribunal on March 31, 2021 passed an award in favour of JSTPL for ₹ 1,019.43 crore. JSTPL filed an appeal with Hon'ble Delhi High Court for enforcement of the award dated March 31, 2021. Hon'ble High Court directed NHAI to deposit the entire decretal amount along with interest till the date of payment with court on February 27, 2023. The next hearing is fixed for May 11, 2023.

d) At the time of sale of IDFC AMC and IDFC AMC Trustee company to Bandhan consortium, IDFC as a seller had given various warranties. These includes Business / General warranty, Tax warranty and Fundamental Warranty.

e) The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and postemployment received Indian Parliament approval and Presidential assent in September 2020. The Code has been published in the Gazette of India and subsequently on November 13, 2020 draft rules were published and invited for stakeholders' suggestions. However, the date on which the Code will come into effect has not been notified. The Company will assess the impact of the Code when it comes into effect and will record any related impact in the period the Code becomes effective.

32. CAPITAL MANAGEMENT

The Company maintains a capital base to cover risks inherent in the business and is meeting capital adequacy requirements of the regulator, Reserve Bank of India (RBI) of India. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI. Company has complied in full with all its externally imposed capital requirements over the reported period. The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and healthy capital ratios in order to support its business and to maximise shareholder value.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the preceding years. However, they are under constant review by the Board.

The following additional information is disclosed in terms of the RBI circular (Ref No. DNBR .PD. 008 / 03.10.119 / 2016-17 dated September 01, 2016); RBI circular DNBR(PD) CC No. 053 / 03.10.119 / 2015-16 and RBI circular DOR (NBFC).CC.PD.No.109/22.10.106/2019-20 dated March 13, 2020 :

(₹ in crore)

Capital to risk assets ratio (CRAR):	As at March 31, 2023	As at March 31, 2022
Tier I capital	1,171.07	1,150.73
Tier II capital	-	-
Total capital	1,171.07	1,150.73
Risk weighted assets	1,405.17	1,274.30
CRAR (%)	83.34%	90.30%
CRAR - Tier I capital (%)	83.34%	90.30%
CRAR - Tier II capital (%)	-	-
Amount of subordinated debt considered as Tier II capital	-	-
Amount raised by issue of perpetual debt instruments	-	-

Regulatory capital Tier I capital, which comprises share capital, share premium, special reserves, share option outstanding account, retained earnings including current year profit less accrued dividends. Certain adjustments are made to Ind AS–based results and reserves, as prescribed by the Reserve Bank of India.

33. FAIR VALUE MEASUREMENT

The significant accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in the note below:

Financial Instruments by Category (₹ in crore)

Year ended March 31, 2023	At fair value through profit and loss	Amortised cost
Financial Assets:		
Cash and cash equivalents	-	110.86
Bank Balances other than cash and cash equivalents	-	1.02
Investments:		
- Venture capital fund units	347.82	-
- Asset held for sale	3.79	-
Other financial assets	-	0.26
Total Financial Assets	351.61	112.14
Financial Liabilities:		
Other payables	-	7.31
Other financial liabilities	-	5.02
Total Financial Liabilities	-	12.33

(₹ in crore)

Year ended March 31, 2022	At fair value through profit and loss	Amortised cost
Financial Assets:		
Cash and cash equivalents	-	71.11
Bank Balances other than above	-	1.45
Other receivables	-	2.01
Investments:		
- Venture capital fund units	301.26	-
Other financial assets	-	0.96
Total Financial Assets	301.26	75.53
Financial Liabilities:		
Other payables	-	2.90
Other financial liabilities	-	3.25
Total Financial Liabilities	-	6.15

The Equity instruments in subsidiaries and associates are measured at cost and not included in the above table.

a) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

As at March 31, 2023 (₹ in crore)

Assets measured at fair value - recurring fair value measurements	Note	Level 1	Level 2	Level 3	Total
Financial assets					
Financial Investments at FVTPL					
- Venture capital fund units	6	-	-	347.82	347.82
- Asset held for Sale	27	-	-	3.79	3.79
Total financial assets		-	-	351.61	351.61

Year ended March 31, 2022 (₹ in crore)

Assets measured at fair value - recurring fair value measurements		Level 1	Level 2	Level 3	Total
Financial assets					
Financial Investments at FVTPL					
- Venture capital fund units	6	-	-	301.26	301.26
Total financial assets		-	-	301.26	301.26

i) There are no transfers between levels 1, 2 and 3 during the year.

ii) The Companies policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

The Company uses the following hierarchy for determining and disclosing the fair value of financial assets by valuation technique:

The fair value of financial instruments are classified into three categories i.e. Level 1, 2 or 3 depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements).

The hierarchies used are as follows:

Level 1: Hierarchy includes financial instruments measured using quoted prices in an active market.

Level 2: The fair value of financial instruments that are not traded in an active market (such as mutual fund units) is determined using observable market data and not the entity specific estimates. These investments are valued at closing Net Asset Value (NAV), which represents the repurchase price at which the issuer will redeem the units from investors. Since all significant inputs required to fair value an instrument are observable, the investments are included in Level 2.

Level 3: Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

b) Valuation technique used to determine fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

Specific valuation techniques used to value financial instruments include:

- the fair value of the mutual fund units is determined using observable NAV at the reporting date as declared by the issuer.
- the fair value of the venture capital units (VCFs) is determined using NAV at the reporting date as declared by the issuer. ^
- the fair value of unlisted equity shares are has been valued by an independent valuer.

^ Considering the illiquidity discount, the Company has provided for additional diminution over and above the NAV communicated by the VCFs in order to appropriately reflect the fair value as on March 31, 2022.

c) Valuation Process

In order to assess Level 3 valuations as per Company's investment policy, the management relies on the NAVs issued by the VCF's.

The finance team performs the above process and reports directly to the Chief Financial Officer (CFO) of the Company. Discussions of valuation processes and results are held between the finance team and CFO on regular basis. Investment valuation is placed before the members of the board at least once every three months which is in line with the Company's quarterly reporting periods.

d) Fair value measurements using significant unobservable inputs (level 3)

The following table presents the changes in level 3 items for the year ended March 31, 2023 and March 31, 2022:

(₹ in crore)

	Venture capital fund units	Total
Year ended March 31, 2021	197.85	197.85
Acquisitions (net) during the year	28.84	28.84
Gains recognised in profit and loss	74.57	74.57
Year ended March 31, 2022	301.26	301.26
Acquisitions (net) during the year	(25.65)	(25.65)
Gains recognised in profit and loss	72.21	72.21
Year ended March 31, 2023	347.82	347.82

e) Valuation inputs and relationships to fair value

The following table summarises the quantitative information about the significant unobservable inputs used in level 3 fair value measurements. See (b) above for the valuation techniques adopted.

	Fair Value as at 31st March 2023	Fair Value as at 31st March 2022	Significant unobservable inputs	Probability-weighted range	Sensitivity
Venture capital fund units	347.82	301.26	Net Asset Value	10%	Whilst these investments are not traded on any market, they are exposed to price risk in respect of their underlying investments. 10% is the sensitivity rate used when reporting price risk internally to key management personnel and represents management's assessment of the possible net change in underlying prices. A 10% increase/(decrease) in the net asset value would increase/(decrease) the Company's gain/(loss) by ₹ 26.03 crores. (March 31, 2022 - 22.54 crores).

f) Fair value of financial assets and liabilities measured at amortised cost

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts are a reasonable approximation of their fair value. Such instruments include cash and bank balances, bank deposits, security deposits, trade and other receivables, and trade and other payable.

Advance to related parties and security deposits are evaluated by the Company based on parameters such as interest rates and individual creditworthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these financial assets. Accordingly, fair value of such instruments is not materially different from their carrying amounts

34. FINANCIAL RISK MANAGEMENT

Risk management is an integral part of the business practices of the Company. The Company's senior management has the overall responsibility for the establishment and oversight of the Company's risk policies. These risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The objective is that these financial risks are identified, measured and managed in accordance with the Company's policies in a timely manner. The activities are designed to:

- protect the Company's financial results and position from financial risks;
- maintain market risks within acceptable parameters, while optimising returns;
- protect the Company's financial investments, while maximising returns.

a) Credit risk

Credit risk is the risk of suffering financial loss, should any of the Company's customers, clients or market counterparties fail to fulfil their contractual obligations to the Company. Credit risk arises mainly from cash and cash equivalents, deposits with banks, trade and other receivable, loans measured at amortised cost.

Expected credit loss methodology:

Ind As 109 outlines a "three-stage" model for impairment based on changes in credit quality since initial recognition as summarised below:

- Stage 1 - A financial instrument that is not credit impaired on initial recognition is classified in 'Stage 1' and has its credit risk continuously monitored by the Company. The Company has established credit quality review process which considers net asset position, financial strength and leverage; operational & financial performance; cash flows, etc. in identification of creditworthiness of counterparties.
- Stage 2 - Financial instruments with significant increase in credit risk, but not yet deemed to be credit impaired are moved to Stage 2.
- Stage 3 - Credit impaired financial instruments are moved to stage 3.

The Company performs internal risk assessment on an individual basis and not on a portfolio basis due to the limited number of counterparties involved. The assessment of credit risk of a loans (including loan commitments) entails estimations as to the likelihood of loss occurring due to default of counterparties. The estimation of credit exposure for risk management purposes is complex and considers expected cash flows and the passage of time.

Default and credit-impaired asset:

The Company defines a financial asset as in default or credit-impaired, when it meets one or more of the following criteria:

- **Quantitative criteria:**

The borrower is more than 90 days past due on its contractual payments to be considered in default.

- **Qualitative criteria:**

The borrower meets unlikeliness to pay criteria, which indicates the borrower is in significant financial difficulty.

For all financial instruments held by the Company, if the borrower is on the watch list and/or the instrument meets one or more of the following criteria:

- Significant increase in credit spread
- Significant adverse changes in business, financial and/or economic conditions in which the borrower operates
- Actual or expected forbearance or restructuring
- Actual or expected significant adverse change in operating results of the borrower
- Significant change in collateral value (secured facilities only) which is expected to increase risk of default
- Early signs of cash flow/liquidity problems such as delay in servicing of trade creditors/loans

Policy for write-off of financial assets

All loans which in the opinion of management are not recoverable are written off. The Company may write off financial assets that are still subject to enforcement activity. The Company still seeks to recover amounts it is legally owed in full, but which have been written off due to no reasonable expectation of full recovery.

Explanation of inputs and assumptions considered in the ECL model:

PD Estimation:

- "Probability of default" (PD) is defined as the probability of whether the borrowers will default on their obligations in the future. For Stage 1, 12 month PD are calculated.

  For Stage 2, Lifetime PD are calculated by considering the survival rate of the counterparty for the remaining maturity. For Stage 3, Lifetime PD is taken as 100%.

Exposure at default:

- "Exposure at default" (EAD) represents the expected exposure in the event of a default and is the gross carrying amount in case of the financial assets held by the Company.

  For the loan commitments, the exposure at default (EAD) is predicted by aggregating total unfunded credit exposure and applying a "credit conversion factor (CCF)" which considers any further amount that is expected to be lent under arrangement at the time of default. CCF denotes the probability of off-balance sheet exposure (i.e. loan commitment) becoming credit exposure shifting onto the balance sheet if the loan commitment is called.

Loss given default:

- "Loss given default" (LGD) is an estimate of loss from a transaction given that a default occurs. LGD varies by type of counterparty, type and seniority of claim. LGD is expressed as a percentage loss per unit of exposure at the time of default (EAD). LGD is calculated on a 12-month or lifetime basis, where 12-month LGD is the percentage of loss expected to be made if the default occurs in the next 12 months and Lifetime LGD is the percentage of loss expected to be made if the default occurs over the remaining expected lifetime of the loan.

  The Expected Credit Loss (ECL) is measured either on a 12-month (12M) or lifetime basis depending on whether a significant increase in credit risk has occurred since initial recognition or whether an asset is considered to be credit impaired. Expected credit losses are the product of the probability of default (PD), exposure at default (EAD) and loss given default (LGD).

  There have been no significant changes in estimation techniques or significant assumptions made during the reporting period.

  In determining the ECL, management assesses a range of possible outcomes, taking into account past events, current conditions and the economic outlook. Additional facts and circumstances, that in management's judgment are considered to have been inadequately addressed in the ECL Model, are taken into consideration through the application of a management overlay framework. ECL adjustments arising from the exercise of the management overlay are subject to a review.

i) Trade and other receivables

Concentrations of credit risk with respect to trade and other receivables are limited, due to the customer base being limited. All trade receivables are reviewed and assessed for default on a individual basis. Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

Reconciliation of impairment allowance on trade and other receivables

Reconciliation of impairment allowance on trade and other receivables

	₹ in crore
Impairment allowance as at March 31, 2021	5.90
Add/(less): changes in loss allowance	(5.90)
Impairment allowance as at March 31, 2022	-
Add/(less): changes in loss allowance	-
Impairment allowance as at March 31, 2023	-

ii) Other financial assets

The Company maintains exposure in cash and cash equivalents, deposits with banks. Cash and cash equivalents and bank deposits are held with only high rated banks/financial institutions only, therefore credit risk is perceived to be low.

For investment in mutual fund units and venture capital fund units carried at fair value through profit and loss, the Company does not have significant concentration of credit risk.

The maximum exposure at the end of the reporting period is the carrying amount of these investments is ₹ 347.82 crores (March 31, 2022: ₹ 301.26 crores).

b) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the value of a financial asset. The value of a financial asset may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments.

i) Fair value interest rate risk:

Interest rate risk is the risk where the company is exposed to the risk that the fair value or future cash flows of its financial instruments will fluctuate as a result of a changes in market interest rates.

The Company is exposed to interest rate risk from investments held in debt oriented mutual fund units. These funds invests in debt securities. Sensitivity analysis for exposure to interest rate risk in case of units backed by debt securities is not disclosed as there are no investments outstanding as on March 31, 2023 and March 31, 2022.

ii) Foreign currency risk:

The Company does not have any foreign currency exposures in respect of financial assets and financial liabilities as at the balance sheet date.

iii) Price risk:

The price risk arises from investments in venture capital fund units classified in the balance sheet as financial instruments measured at fair value through profit and loss. The future uncertain changes in the Net Asset Value of the Company's investment exposes the Company to the price risk.

Exposure (₹ in crore)

	As at March 31, 2023	As at March 31, 2022
Investment in venture capital fund units	347.82	301.26
Total	347.82	301.26

Sensitivity - Investment in venture capital fund

The table below summarises the impact of increases/decreases in the net asset value of Company's investment in venture capital fund units.

	Impact on profit after tax* Year ended March 31, 2023	Impact on profit after tax* Year ended March 31, 2022
Investment in venture capital fund units:		
- Increase 10% (preceding year 10%)	26.03	22.54
- Decrease 10% (preceding year 10%)	(26.03)	(22.54)

*Profit for the year would change as a result of gain/loss on financial instruments classified as at fair value through profit and loss.

c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. Prudent liquidity risk management implies maintaining sufficient cash and liquid investments. The Company believes that current cash and bank balances, bank deposits and investments in liquid investments are sufficient to meet liquidity requirements since Company has no external borrowings. Accordingly, liquidity risk is perceived to be low.

Maturity analysis:

The following table shows the maturity analysis of financial liabilities of the Company based on contractually agreed undiscounted cash flows as at the balance sheet date:

(₹ in crore)

As at March 31, 2023	Note No.	Less than 12 months	More than 12 months	Total
Financial liabilities:

Other non-financial liabilities	3.28	-	3.28	1.16	-	1.16
Total liabilities	15.75	36.25	52.00	7.31	18.08	25.39

36. EMPLOYEE SHARE BASED PAYMENTS

a) Employee stock option scheme (equity settled) - IDFC Limited

The Company introduced IDFC Employee Stock Option Scheme, 2016 (“IDFC ESOS - 2016”) to enable the employees of the Company and its subsidiaries / associates to participate in the future growth and financial success of the IDFC Group. The scheme is in compliance with the SEBI (Share Based Employee Benefits) Regulations, 2014. The ESOS provides for grant of stock options to employees [including employees of subsidiary companies and IDFC FIRST Bank Limited (an associate of the Company)] to acquire equity shares of the Company, that will vest in a graded manner and that are to be exercised within a specified period.

The fair value of options granted to the employees of the Company under the ESOS is recognised as an employee benefits expense with a corresponding increase in ‘Share Option Outstanding Account’ under ‘Other Equity’. The fair value of options granted to the employees of subsidiaries or associate of the Company is recognised as an increase in the investment in the respective subsidiaries or associate, with a corresponding credit to ‘Share Option Outstanding Account’ under ‘Other Equity’ in accordance with group share based payment guidance under Ind AS 102.

Options are granted under the plan carry no dividend or voting rights. When exercisable, each option is convertible into one ordinary share of the Company. The options granted will vest upon the completion of service condition as specified in scheme in a graded manner. Vested options are exercisable for the period of five years after the vesting.

i) Set out below is a summary of options granted under the plan:

	Year ended March 31, 2023		Year ended March 31, 2022	
	Average exercise price	Number of options	Average exercise price	Number of options
Opening balance	55.11	3,846,498	56.82	10,604,778
Granted during the year	-	-	53.60	1,200,000
Exercised during the year	54.76	(3,548,494)	49.84	(77,626)
Forfeited during the year	60.35	(28,966)	89.21	(418,690)
Lapsed/expired during the year	59.22	(269,038)	55.44	(7,461,964)
Closing balance	-	-	55.11	3,846,498
Vested and exercisable	-	-	55.80	2,646,498
Unvested	-	-	53.60	1,200,000

The weighted average share price at the date of exercise of options exercised during the year ended March 31, 2023 was ₹ 54.76 (preceding year ₹ 49.84).

ii) Share options outstanding at the March 31, 2023 have the following expiry date and exercise prices:

Grant date	Expiry date	Exercise price	Outstanding as at March 31, 2023	Outstanding as at March 31, 2022
05-Oct-15	18-Apr-17 to 05-Oct-23	60.35	-	809,270
05-Feb-16	05-Feb-22 to 05-Feb-24	41.15	-	210,000
29-Apr-16	14-Jul-17 to 29-Apr-23	43.40	-	70,000
26-Jul-16	14-Jul-17 to 26-Jul-23	53.90	-	111,128
14-Sep-16	14-Sep-22 to 14-Sep-24	59.20	-	100,000
14-Mar-17	14-Mar-23 to 14-Mar-25	51.85	-	42,600
09-May-17	31-May-18 to 09-May-24	63.25	-	103,500
27-Apr-18	27-Apr-23	55.40	-	1,200,000
10-May-21	09-May-25	53.60	-	1,200,000
Total			-	3,846,498
Weighted average remaining contractual life of options outstanding at end of period			-	2.32

iii) Fair value of options granted

The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the stock option.

1,200,000 ESOPS were granted during the year ended March 31, 2022.

The Assumptions used in the model are as follows:

Sr. No.	Variables	Year ended March 31, 2023	Year ended March 31, 2022
1	Risk Free Interest Rate	-	4.71%
2	Expected Life	-	2.50
3	Expected Volatility	-	50.28%
4	Dividend Yield	-	0.00%
5	Price of the underlying share in market at the time of the option grant. (₹)	-	53.60

b) Employee stock option scheme (equity settled) - IDFC FIRST Bank Limited

IDFC FIRST Bank Limited (earlier known as IDFC Bank Limited), an indirect associate of the Company, got demerged from the Company under the sanctioned scheme of arrangement in October 2015. Pursuant to Scheme of Demerger, IDFC FIRST Bank Limited has allotted employee stock options to the employees of the Company and it's subsidiaries. The employee share based payments arrangement between the Company and its associate is outside the scope of Ind AS 102 - Group share based payment arrangement, as associate is not a part of the same group. However, under Ind AS 8, the Company has taken a policy choice to account the said employee share based payments arrangement as per the provisions of Ind AS 102.

Applying Ind AS 102 - Group share based payments arrangement guidance, the fair value of options granted to the employees of the Company is recognised as an employee benefits expense with a corresponding decrease in investment in associate. However, the fair value of options granted to the employees of subsidiaries of the Company is recognised as an increase in the investment in the respective subsidiaries and a decrease in investment in associate.

c) Amounts recognised in statement of profit and loss and investment in subsidiary:

The Company had established an intermediate Non-Operating Financial Holding Company (NOFHC) (i.e. IDFC Financial Holding Company Limited) to hold the investment in IDFC FIRST Bank Limited (an associate of the Company) and other subsidiaries of the Company due to regulatory requirements of RBI. Since the Company does not hold direct investment in its associate and other subsidiaries involved in group, the Company increases or decreases its investment in IDFC Financial Holding Company Limited, to give the effect of increase or decrease in the investment in subsidiary or associate for accounting employee stock options.

i) Total expenses arising from share-based payment transactions recognised in statement of profit and loss as part of employee benefit expense for the year ended March 31, 2023 is ₹ 0.24 crores (preceding year ₹ 2.01 crores).

ii) Reversal of expense on account of cancel / lapse of employee stock option of IDFC FIRST Bank Limited which has been recognised in statement of profit and loss as part of employee benefit expense for the year ended March 31, 2023 is ₹ (2.34 crore) (preceding year ₹ (0.47 crore)).

41. ADDITIONAL DISCLOSURES

(a) Provisions and Contingencies

Break up of 'Provisions and Contingencies' shown under the head expenditure in the Statement of Profit and Loss:

(₹ in crore)

	As at March 31, 2023	As at March 31, 2022
Impairment on financial instruments	0.73	(0.23)
Total	0.73	(0.23)

(b) Disclosure of complaints

The following table sets forth, the movement and the outstanding number of complaints:

	For the year ended March 31, 2023	For the year ended March 31, 2022
Shareholders' complaints:		
No. of complaints pending at the beginning of the year	Nil	Nil
No. of complaints received during the year	11	2
No. of complaints disposed off during the year	10	2
No. of complaints remaining unresolved at the end of the year	1	Nil

The above information is certified by management and relied upon by the auditors.

42. RATINGS ASSIGNED BY CREDIT RATING AGENCIES AND MIGRATION OF RATINGS DURING THE YEAR :

The last rating taken by the Company was withdrawn on January 27, 2020.

43. DISCLOSURE PURSUANT TO RESERVE BANK OF INDIA CIRCULAR DOR.NBFC (PD) CC. NO.102/03.10.001 /2019-20 DATED NOVEMBER 4, 2019 PERTAINING TO LIQUIDITY RISK MANAGEMENT FRAMEWORK FOR NON-BANKING FINANCIAL COMPANIES:

As per the RBI circular dated 4th Nov 2019 circular no RBI/2019-20/88 DOR.NBFC (PD) CC. No.102/03.10.001/2019-20 all non-deposit taking NBFCs with asset size of ₹ 5,000 crore and above but less than ₹ 10,000 crore, shall maintain a liquidity buffer in terms of Liquidity Coverage Ratio ('LCR') which will promote resilience of NBFCs to potential liquidity disruptions by ensuring that they have sufficient High Quality Liquid Asset (HQLA) to survive any acute liquidity stress scenario lasting for 30 days.

From	December 1, 2020	December 1, 2021	December 1, 2022	December 1, 2023	December 1, 2024
Minimum LCR	30%	50%	60%	85%	100%

As per the above requirement, IDFC Limited is required to maintain LCR from 1 December 2020.

Main drivers to the LCR numbers: All significant outflows and inflows determined in accordance with RBI guidelines are included in the prescribed LCR computation.

Composition of HQLA: The HQLA maintained by the Company comprises cash balance maintained in current account.

Detailed LCR template is presented below according to the format given in RBI circular:
